*****Rugged Tablets NZ Appointed as a Premium Distributor of i.safeMOBILE for New Zealand and the Pacific Region*****

*****[Cambridge, 03/02/2025]** – Rugged Tablets NZ is pleased to announce its new partnership with i.safe MOBILE, a leading provider of intrinsically safe rugged mobile solutions, becoming a Premium Distributor for New Zealand and the Pacific Island region. This collaboration aims to enhance the availability and support of cutting-edge mobile technology tailored for demanding environments.***

As businesses increasingly rely on mobile devices for fieldwork and operations in challenging conditions, the need for reliable and robust solutions has never been more critical. i.safeMOBILE is renowned for its range of high-quality rugged tablets and smartphones designed to withstand extreme temperatures, vibrations, and other hazardous conditions, setting a new standard in durability and functionality.

“We are excited to partner with i.safe MOBILE and bring their innovative intrinsically safe solutions to our customers across New Zealand and the Pacific,” said Paul Scoble, Owner at Rugged Tablets NZ. “This partnership reflects our commitment to providing the best technology for professionals who operate in demanding environments, ensuring they have the tools they need to succeed.”

The product range from i.safeMOBILE includes state-of-the-art devices that are globally certified for use in Hazardous and Explosive environments and equipped with the latest technology, making them ideal for industries such as oil & gas, mining, logistics, and public safety. Rugged Tablets NZ will offer full sales, service and support for all i.safeMOBILE products, ensuring customers have comprehensive access to the rugged solutions they require.

“We are thrilled to have Rugged Tablets NZ as a Premium Distributor in New Zealand and the Pacific Island region,” said Kathryn Walker, Sales Manager Australia/New Zealand at i.safeMOBILE. “Their expertise and understanding of the local market, combined with our high-quality products, will empower businesses to operate more effectively and safely in their respective fields.”

Rugged Tablets NZ is dedicated to offering tailored solutions to meet the specific needs of its clients and is currently working to stock a wide selection of i.safeMOBILE devices. They invite customers to reach out for consultations on how these rugged devices can fit into their operational needs.
